www.touredge.com | 1-800-515-3343 | Graphite \$1095 Steel \$995

**Clubhead:** Stainless Steel

**Clubface:** Titanium

**Design:** Cavity Back

**Size:** Oversized

**Set Makeup:** 4-AW

**Shaft Options:** Nippon N.S.  
Pro 950 GH Steel, Graphite  
Design X-Quad Graphite

**Unique Features:** The Exotics EX3 is a technological marvel. Made of a hollow steel body and a titanium cup face, the EX3 moves excess weight to the perimeter and sole of the club. This aids the EX3 in achieving maximum forgiveness and a super-low center of gravity. The TPE dampening insert gives the EX3 incredible feel for such a long-hitting game-improvement iron.

**Tester Comments:** I think they were a club longer than anything else I have tried and I liked it ... Long and straight and easy to hit ... Ball really jumped off the face.
